

Collision Repair Apprentice

Do you have a passion for cars? Are you a relentless problem solver? Are you an excellent communicator who thrives in a service environment?

We want to hear from you!

Imagine being part of a collaborative team that is dedicated to exceptional customer service, safety, and a fun and productive work environment. At Assured Automotive we believe our employees are the heart of our success and over the last 28 years we have been very successful. We are a division of the Boyd Group that has been providing Best in Class Automotive Repair and Refinishing Services since 1990. We currently have over 70 locations across Ontario to best serve our customers. Assured employs nationally trained and qualified Professionals and demands the relentless pursuit of customer satisfaction and uncompromising commitment to quality.

We are currently looking for an experienced

Collision Repair Apprentice

The Collision Repair Apprentice will; learn the trade through working with a Licensed Collision Repair Technician in the meticulous assessment and quality repair of each customer's vehicle to restore it back to pre-accident condition

We Offer:

- An outstanding corporate culture where you are part of the Assured Automotive family
- An industry leading compensation package that includes a very competitive salary, a benefits package and profit sharing potential
- On-going I-Car and Industry Training Programs, Professional Development Opportunities
- The opportunity to grow your career to the next level, whether you see yourself as the expert in the shop or even the next generation of certified Store Manager.

What you bring:

- Ideally you are a registered apprentice in a Provincially recognized Autobody Collision Repair Program - 310b (if you aren't we can help you get there)
- You have a strong passion for people and understand the true value of exceptional customer service
- You are methodical and patient in your approach; you have a keen eye for detail
- Safety is paramount - you contribute and adhere to a safe and responsible workplace
- You are physically capable of doing the job which includes frequently bending, crouching, reaching. You are also able to handle tools and lift approximately 51lbs.
- You will supply and maintain your own tools (We can help with this if you are just getting started)
